Over 20K in School Supply Donations Collected Helping Set Up Students Facing Financial Hardships For Success

Thanks to the Lions Club, Edward Jones Financial and the Tomah Area Ambulance Association, as well as many anonymous donors, the Tomah Area School District has received over twenty thousand dollars worth of school supplies. The school supplies were available for pick up beginning on August 25th, and given to students in the district who are experiencing financial hardships, homelessness or other reasons from poverty. Starting off the school year with the supplies they need, will help them to achieve their academic goals and set them up for success in school. We are so grateful to our community for coming together for our students!
