CLASSROOM HEALTH AND SAFETY

Student/Staff Showing Signs of Sickness

COVID-19 Signs and Symptoms:

People with COVID-19 have had a wide range of symptoms reported – ranging from mild symptoms to severe illness. Symptoms may appear 2-14 days after exposure to the virus. Anyone can have mild to severe symptoms. People with these symptoms may have COVID-19:

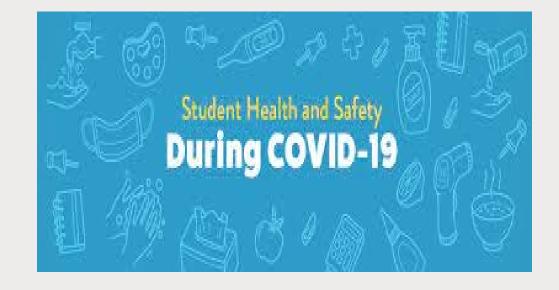

- Fever or chills
- Cough
- Shortness of breath or difficulty breathing
- Fatigue
- Muscle or body aches
- Headache
- New loss of taste or smell
- Sore throat
- Congestion or runny nose
- Nausea or vomiting
- Diarrhea

If you are experiencing Covid-19 symptoms, it is recommended that you be tested. If you have questions regarding when/where to be tested, please reach out to your primary care provider or one of our school nurses.

If you have been in close contact with someone who has tested positive for Covid-19, please reach out to one of our school nurses to assess your next best course of action as there are many variables to be taken into consideration.
