

Tomah Area School District
 Parental Student Information Web Access

The Tomah Area School District provides parents, via its web site, access to key pieces of student record information regarding their children. The completion of this form is required prior to any access capabilities being granted.

The parent/guardian signing this form understands that they are completely responsible for the safe keeping of the user name and password used to access this system. This information must be regarded as extremely confidential as it is the only safeguard provided in accessing this information.

The parent/guardian signing this form understands that due to the "public" nature of the Internet there is no way that any guarantee of privacy of information being sent from the Tomah Area School District server to your computer can be given.

Please print:

Parent/Guardian Name	
Street Address	
City, State, ZIP	
Phone	
Email address	

After this information is entered into the computer system a message will be sent to the email address listed above. This message will include an automatically generated username and password. You will have the opportunity to change your password after logging into the Parental Access system.

Parental Access accounts are valid year round. There is no need to sign up for an account each school year. If you forget your username and/or password check the Parental Access link on the TASD web site for information on how to get this information. Accounts are only deleted if there is no longer any student information connected to a user account.

Below is a listing of students that the Parent/Guardian above has legal access to student record information for:

Student Name(s)	For District Use Only	
	Student ID	Confirmation

This form must be returned in person to any district school or the District Office. You must have a photo ID when submitting this form.

Parent/Guardian Signature: _____ Date: _____
