- >  September 1st or 2nd, 2020 Welcome and Course Information 

---

-  Teams Meetings (Use this link daily to check into class at your scheduled time.) 

---

- >  (DATE RANGE) Unit 1: Title - (Organizing by Topics - For Example Cell Structure and Function) 

---

- >  (DATE RANGE) Unit 2: Title (Organizing by Week) 

---

- >  (Date Range) Unit 3: Title 

---

- >  ETC. 

---

2) Organize your unit folders using one of two options: By topic or by week.

By Topic: Include the unit's date range and title of the sub-topic: (Date Range: Cell Theory)

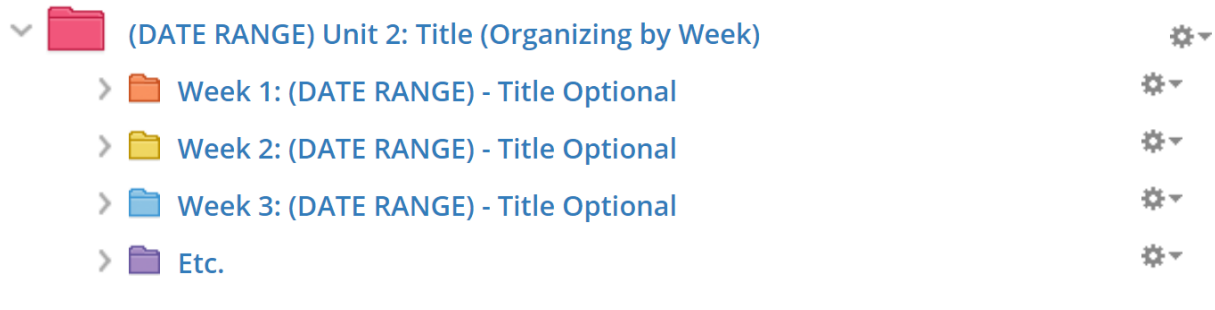

---

- ▼  (DATE RANGE) Unit 1: Title - (Organizing by Topics - For Example Cell Structure and Function) 

  - >  (DATE RANGE) Sub-Topic 1: Title (Example: Cell Theory) 
  - >  (DATE RANGE) Sub-Topic 2: Titile (Example: Cell Structures and Functions) 
  - >  (DATE RANGE) Sub-Topic 3: Title (Example: Cellular Reproduction) 
  - >  ETC. 

---

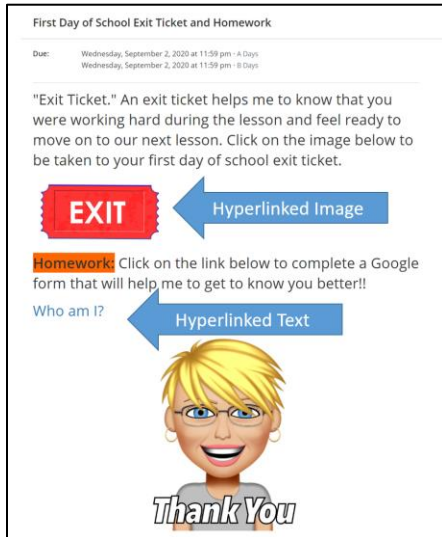

By Week: Include Week 1, Week 2, etc. with the date range. Title is optional.

3) Anything that is organized into the sub folders should be placed in chronological order.

4) When creating assignments and discussions, it is always best practice to attach files or hyperlinks of resources that are needed to complete the task. Images and text can be hyperlinked to your resources.

Hyperlinked Resources: You can hyperlink images and/or text.
